

## Pajamas for Your Ears

Having trouble getting to sleep? Try SleepPhones®, the patented headband headphones that plug directly into virtually any music player, enabling the user to listen to music favorites or sounds that soothe and lull you to sleep.

No more fighting with bulky headphones or uncomfortable ear buds. SleepPhones are designed with user comfort, quality and environmental responsibility in mind. The washable fleece headbands are made in the USA of 88% recycled materials. All electronics are RoHS compliant (free of lead and other dangerous heavy metals).

SleepPhones were created by Dr. Wei-Shin Lai, a family doctor, to help you fall asleep faster and block out noise or snoring. Go to www.sleepphones.com for more information.
